

COUNTY OF YORK

MEMORANDUM

DATE: March 23, 2005 (BOS Mtg. 4/5/05)

TO: York County Board of Supervisors

FROM: James O. McReynolds, County Administrator

SUBJECT: Approval of a Donations Agreement for the Hampton Roads Metropolitan Medical Response System

The Hampton Roads Metropolitan Medical Response System (HRMMRS) is a major initiative to ensure a robust medical response to the effects of a weapons of mass destruction/terrorism incident or other major disaster with significant victims. The HRMMRS is a regional initiative for the 16 localities within the Hampton Roads Planning District Commission (HRPDC). The HRPDC is responsible for the procurement and transfer of ownership of the necessary equipment, pharmaceuticals, and supplies as part of the strategy to have an effective Metropolitan Medical Response in the Region. In order for the County to accept the equipment, pharmaceuticals, and supplies, it is necessary to execute a formal donation agreement. It should be noted that the ownership of the equipment, pharmaceuticals, and supplies covered by the donation agreement will be transferred at no cost to the County. It should be further noted that the HRMMRS will fund all acquisition, maintenance, replacement, or replenishment of the donated items.

If adopted, proposed Resolution R05-64 will authorize the County Administrator to execute the donation agreement described above and to accept, appropriate and expend funds of up to \$45,000 from the HRPDC for the purposes of acquisition, maintenance, replacement, or replenishment of HRMMRS equipment, pharmaceuticals, and supplies. I recommend approval of proposed Resolution R05-64.
